**WELCOME!**

EXCITING NEWS! YOUR BUILDING IS NOW CONNECTED TO SEATTLE'S PREMIER INTERNET, TV, & TELEPHONE SERVICE NETWORK.

SMALL BUSINESS EXPRESS PACKAGES

Atlas Networks was founded with the vision of providing Seattle-area businesses with game-changing Internet connectivity and network infrastructure. We owe our beginnings to the vibrant start-up community here, which fosters a uniquely Seattle blend of entrepreneurial can-do with former-enterprise know-how. Our Small Business Express packages are our way of giving back to the community that has given us so much.

These packages are designed to leverage the power of our technology and take the headache out of managing your network. They provide more than an Internet connection; they provide the communications infrastructure to power your business. We provide the equipment, and our team of communications experts will customize, install, and manage it for you.

Operating a small business is exciting, and can be rewarding, but it's also no picnic. Give your business every advantage by adding our team to yours, and get back to what you do best!

In an existing contract? No Problem! You don't have to wait to get the best for your business. After signup, we'll add a credit to your account equivalent to the contract termination cost of your existing provider.

Atlas Business VoIP Feature Set

FAX & ANALOG LINES

Sometimes, you don't need to fix what isn't broken.
Our analog and fax lines can breath new life into older systems, with the features and cost savings of VoIP!

Basic Analog Voice Line:
$9.99/mo ($0.03/min LD)

Unlimited Continental US Analog Line:
$19.99/mo

Fax Line:
$9.99/mo ($0.03/min LD)

CONFERENCE PHONES

Bring your team and customers together in the conference room with an IP conference phone.

Atlas conference phones deliver superb voice quality, expansive microphone pickup, advanced audio processing, and all the features that make conference calls feel as natural as being in the same room.

Simply plug into your data network, the phone will connect to Atlas Networks' VoIP network, and you can start making calls. Add conference phone lines to your account, which include the phone rental, for just **$29.99 per month per phone.**
